## Rocky Mountain Outdoor Educator - Backpacking & Rock Climbing

**Welcome to NOLS!** We look forward to having you with us at NOLS Rocky Mountain. Please take time to read the following information before making your equipment choices.

Equipment selection and care is an essential wilderness skill. There is a bewildering variety of equipment on today's market. NOLS Rocky Mountain provides an Outfitting Department for our students for this very reason. We are a full-service retail store and rental facility for outdoor equipment and clothing. We have expert staff with over 40 years experience who can completely outfit you from **head to toe** for your expedition needs. The products that we carry have been selected for and field-tested on NOLS Rocky Mountain courses.

Here are three options to help guide your gear purchasing process:

- 1) Purchase from us. We have a full retail store with experienced staff that can outfit you completely, tailoring your options according to route, weather, and time of year. This will guarantee you will get only the equipment you need with no extra purchases.
- 2) Already have items? Bring them along! Your instructors will inspect your gear and determine if it is suitable for your course. If an item is not approved, you can leave it with your luggage in our storage lockers.
- 3) Want to shop before your course begins? Visit our preferred retailers- additional info below.

We understand that the equipment list may be daunting. That is why we offer a **15% discount** on all rentals and purchases that total **\$800 or more** at NOLS Rocky Mountain, *excluding* your fishing license fee. When you purchase or rent from us, our experts will provide you with some of the best gear, boots and clothing on the market, at a reasonable price, with consideration to the route, weather, and time of year you are traveling. Who knows; *maybe* you'll even save money on any extra airline fees, such as extra baggage costs and/or overweight luggage fees on your travels to NOLS Rocky Mountain.

If you already own gear or clothing, you are welcome to bring any of the items on the equipment list. We are big advocates of re-using or recycling where appropriate. As mentioned, your instructors will inspect your gear and determine if it is suitable for your course. If an item is not approved, you can leave it with your luggage in our storage lockers.

If you wish to buy gear before your course start, consider our preferred retailers. Preferred retailers are retail stores whose staff is familiar with NOLS. Note: If you buy a new piece of gear or clothing for the course, please keep the tags on the item and save your receipt. That way, you have the opportunity to return your purchases if necessary. Ask the NOLS Admission Office about Preferred Retailers in your area by calling 800-710-NOLS (6657) or by visiting [www.nols.edu](http://www.nols.edu).

**Purchase at NOLS RM-** Indicates that the item is available at NOLS for PURCHASE ONLY.

**Must Bring-** Indicates that the item is NOT AVAILABLE at NOLS.

**Summer rental prices cover the entire course. All prices are subject to change.**

In addition to your course tuition, you have been billed an equipment rental deposit. This deposit will be applied directly to the charges you incur for equipment rental, cleaning, purchase of personal items, and any loss or damage to our gear. Total charges will vary depending upon the amount of equipment that you rent or purchase from us. The equipment rental and purchase prices located in the gear checklist will allow you to estimate your charges. If your bill is less than the deposit, the difference will be refunded to you by mail. If you think that your bill may exceed the deposit, please bring cash, travelers' checks, personal check, Visa or MasterCard to cover the excess. If you do not have a form of payment, we will bill you by mail.

If you have any questions or if you would like more information regarding any of the items in the Equipment List, please contact Rocky Mountain Outfitting: | (307) 332-1422 | [outfitting@nols.edu](mailto:outfitting@nols.edu) | [www.nols.edu/lander/outfitting](http://www.nols.edu/lander/outfitting) |

### Upper Body Layers

We layer our clothing, combining different garments to achieve optimum insulation and protection from wind, rain and snow. We use either synthetic or wool fibers, which insulate when wet. We avoid cotton, which is poor insulation when wet. It is common to need 3 insulating layers and a vest.

Equipment	Rental Price	Purchase Price	Quantity	Comments	Check List
Base Layer (Mid-Weight Synthetic)	Purchase at NOLS RM	\$40-\$60	1	Mid-weight underwear top made of wool, synthetic, or Capilene®	
Middle Layer (Fleece Pullover)	\$15	\$40-\$60	1	Polyester fleece pullover/ expedition weight top of Polartec® 100 or 200, fiberfill jacket or a wool sweater.	
Top Layer (Synthetic Jacket)	\$30	\$170-\$190	1	Synthetic full-length zip jacket. Fleece or fiberfill jacket of Polartec® 300 or equivalent weight. We carry the Mountain Hardwear Compressor Jacket.	
Wind Shirt / Anorak	\$15	\$55	1	A lightweight, breathable, durable nylon wind shell in either pullover or parka style. Lightweight nylon exercise jackets usually are not sturdy enough to survive a NOLS course.	
Rain Jacket	Purchase at NOLS RM	\$90-\$150	1	A sturdy, roomy waterproof jacket with a hood. Both coated nylon and breathable fabrics such as Gore-Tex® are acceptable.	
T-shirt	Purchase at NOLS RM	\$28- \$35	1	A lightweight polyester/ Capilene® T-shirt.	

Our advice? Bring the sweaters, fleece jackets and synthetic you think might work. We'll advise you on the best combination for your course, the season and area.

### Lower Body Layers

You will need 1-2 synthetic insulating layers (usually an under layer and in early summer, a pair of fleece pants). All must fit comfortably over each other so that they can be worn at the same time. If you tend to get cold easily, add a middle layer of mid-weight bottoms to the under layer and fleece pants.

Equipment	Rental Price	Purchase Price	Quantity	Comments	Check List
Base Layer (Mid-Weight Synthetic)	Purchase at NOLS RM	\$30-\$45	1 pair	Mid-weight bottoms of high performance polyester, synthetic, or Capilene®. Cotton and cotton blends are not acceptable.	
Middle Layer (Exp-Weight Synthetic)	Purchase at NOLS RM	\$40-\$60	1 pair	Expedition-weight bottoms that fit comfortably over the under layer bottoms.	
Fleece Pants	\$15	\$45-\$60	1 pair	Polartec® 200 or equivalent. Side zippers (full length, or knee high) make it easier to put pants on over hiking boots. Optional for August courses.	

Lower Body Layers (Continued)					
Equipment	Rental Price	Purchase Price	Quantity	Comments	Check List
Wind Pants	\$15	\$60	1 pair	Nylon shell pants. These should fit comfortably over all lower-body layers. Side-zippers allow the pants to be put on over boots. Breathable fabrics such as Gore-Tex are acceptable, but lightweight "running pants" are NOT durable enough. If you own Gore-Tex bibs, we recommend that you bring them. We recommend renting NOLS wind pants. They are the most popular piece of equipment NOLS has designed. Many students purchase their windpants at the end of their course.	
Rain Pants	Purchase at NOLS RM	\$90-\$110	1 pair	Optional. Although not required, some people like to use rain pants in conjunction with a rain jacket.	
Nylon Shorts	Purchase at NOLS RM	\$40-\$60	1 pair	Loose-fitting nylon athletic/river shorts.	
Briefs/Sports Bra	Purchase at NOLS RM	\$18-\$32	1 pair	Optional. We recommend men go without underwear, and use nylon shorts with liners. Women can wear what's comfortable; cotton, silk, or synthetics are fine. Bras must be silk or synthetic.	
Our advice? Bring the synthetic or wool long johns, fleece or exercise pants you think might work. We'll advise you on the best combination for your course, the season and area.

Mosquito Headnet	\$1.50	\$6	1	A light nylon headnet.

Summit/Compression Pack	\$12	\$49.95	1	We use the Lowe Attack Summit that doubles as a compression stuff sack for your sleeping bag and a summit pack for day hikes.	
Plastic Trash Bags	Purchase at NOLS RM	\$.50	2 or 3	2-3 heavy-duty lawn and garden bags (33 gallon) to help waterproof your sleeping bag and backpack.	
Sleeping Pad	\$3	\$10-\$75	1	Should be closed-cell foam and 3/8" thick. Used for padding and insulation between sleeping bag and ground. We highly recommend and sell self-inflating sleeping mat as one of your pads. Thermarest and Insulmat are great brands.	

Our advice? A sleeping bag is another major purchase. If you don't already own one, we think you should use ours, gain some experience, then make an informed decision on your needs.

### Recommended Boots

Medium-weight, off-trail backpacking/light mountaineering boots work best. This type of boot is constructed with a full grain leather upper and typically has a Vibram® rubber sole. Some models utilize an injection molded, composite rubber sole with a randed welt to bond the leather upper to the sole. Both types of sole are acceptable. These boots are designed for extended backpacking, provide good support for off-trail hiking with heavy packs, and usually require less break-in time than heavyweight mountaineering boots.

The following list is not exhaustive and is to be used for suggestions only. The boots listed here should help define what types are acceptable for your course. It is fine to substitute a similar boot for one of the types listed here provided the boot that you bring is a good quality leather model designed for extended backpacking expeditions with heavy packs.

### Examples Of Acceptable Boots\*

Oboz: Wind River

Asolo: TPS 520 GV, TPS 535
