NOLS Expedition Information for the Medical Professional

National Outdoor Leadership School courses are wilderness expeditions, varying in length from eight days to three months. NOLS expeditions operate in remote areas where evacuation to modern medical facilities may take days.

Weather conditions can be extreme with temperatures ranging from -40° F. to +100° F. Prolonged storms, high winds, intense sunlight, sudden immersion in cold water and/or high seas are possible.

Physical demands on the applicant may include carrying a backpack weighing between 55-85 pounds over uneven terrain such as snow, rocks, boulders, fallen logs, or slippery surfaces as well as ascending and descending steep mountain slopes. Elevations for backpacking courses range from sea level to 12,000 feet. Peak climbs on mountaineering courses may be as high as 14,000 feet. The India and Denali expeditions may reach elevations of 18,000 feet and 20,000 feet respectively. Physical demands of sea kayaking and river courses require paddling heavily loaded kayaks, canoes or rafts and lifting and carrying boats over uneven terrain.

Living conditions. While participating on a NOLS expedition, students will sleep outdoors, experience long physically demanding days, set up their own camp and prepare their own meals. Each student is expected to take good care of him or herself. On some courses, students may have the option to fast without food, for up to five days.

Water disinfection. NOLS disinfects all wilderness water with iodine, chlorine, chlorine dioxide or by boiling. Not all of these methods are effective against cryptosporidium. Immunocompromised people may wish to obtain an appropriate water filter for their course.

NOLS is not a rehabilitation program. NOLS is not the place to quit smoking, drinking or drugs or to work through behavioral or psychological problems.

Prior physical conditioning and an enthusiastic mental attitude are a necessity. Students find a NOLS course to be an extremely demanding experience both physically and emotionally.

In the interest of the personal safety of both the applicant and the other expedition members, please consider the questions carefully when completing the health form. A "Yes" answer does not automatically cancel a student's enrollment. If we have any question on the student's capacity to successfully complete the course we will call the student to discuss it.

The applicant is not accepted on the course until the health form has been reviewed and approved by NOLS admissions personnel.

Your detailed comments will expedite our review of this form.

Physician, F.N.P. or P.A.:

Please check YES or NO for each item. Each question must be answered and please **provide date and details for all "yes" answers.**

General Medical History

Does the applicant currently have or have a history of:

1. Respiratory problems? Asthma? YES NO

• Is the asthma well controlled with an inhaler? YES NO

If so, please have the student bring one or more metered dose inhalers (MDI) with them for their course and an aerochamber/spacer is recommended.

What triggers an attack? Last episode? Ever Hospitalized?

2. Gastrointestinal disturbances? YES NO

3. Diabetes? YES NO

Examiner's specific comments: _____

4. Bleeding, DVT (deep vein thrombosis) or blood disorders? YES NO

5. Hepatitis or other liver disease? YES NO

Examiner's specific comments: _____

6. Neurological problems? Epilepsy? YES NO

7. Seizures? YES NO

8. Dizziness or fainting episodes? YES NO

9. Migraines? Medications, frequency, are they debilitating? YES NO

6-9. Describe frequency, date of last episode, and severity.

10. Disorders of the urinary or reproductive tract? YES NO

11. Any disease? YES NO

12. Does this person see a medical or physical specialist of any kind? YES NO

(provide name / address)

If "yes" please specify the issue(s)

Questions 13 and 14 Are For Female Students Only:

13. Treatment or medication for menstrual cramps? YES NO
 14. Is she pregnant? YES NO
 Examiner's specific comments:
-
-

Cardiac Screening:

A stress ECG is required if the applicant:	Cardiac Risk Factors
1. Is over 35 years old and has 2 cardiac risk factors. 2. Is over 50 years old and has 1 cardiac risk factor. 3. Is over 50 years old and leads a sedentary lifestyle. 4. Is any age with known coronary artery disease. 5. Has completed a cardiac scan and has a calcium score greater than 10. 6. Is over the age of 60. Please provide a written note from your doctor stating the date of the stress ECG and the results.	<ul style="list-style-type: none"> • High blood pressure • Diabetes • Current or prior cardiovascular disease • High blood cholesterol/triglycerides • Family history of heart disease (family member who's had a heart attack at less than 50 years of age). • Smoking

15. Hypertension? YES NO
 16. Cardiac problems? Unexplained chest pain? YES NO
 Examiner's specific comments:
-

Muscle/Skeletal Injuries/Fractures

Does the applicant currently have or does he/she have a history within the past 3 years of:

17. Knee, hip or ankle injuries (including sprains) and/or surgery? YES NO
 • Type of injury or surgery? When did the injury or surgery occur? _____
-
-

- Is there full ROM? Full Strength? YES NO
 - What is the most rigorous activity participated in since the injury/surgery. Results? _____
-
-

Examiner's specific comments: (include date of last occurrence and the effect of the problem on current activity level)

18. Shoulder, arm or back injuries (including sprains) and/or surgery? YES NO
 • Type of injury or surgery? When did the injury or surgery occur?
-
-

- Is there full ROM? Full Strength? YES NO
 - What is the most rigorous activity participated in since the injury/surgery. Results?
-

Examiner's specific comments: (include date of last occurrence and the effect of the problem on current activity level) _____

19. Any other joint problems? YES NO
- Examiner's specific comments: (include date of last occurrence and the effect of the problem on current activity level) _____
-

20. Head Injury? Loss of consciousness? For how long? YES NO
- Examiner's specific comments: (include date of last occurrence and the effect of the problem on current activity level) _____
-

- 21 Does the applicant have any physical, cognitive, sensory or emotional condition that would require a special teaching environment? YES NO
- If yes, please describe how the condition effects you: _____
-
