Welcome to the National Outdoor Leadership School!

NOLS is excited to have you join us on this special NOLS custom spring break Patagonia Leadership Expedition offered exclusively to Kellogg School of Management students. Our faculty looks forward to working with you on a powerful wilderness mountain travel and leadership expedition located in the remote and majestic mountains of Patagonia, Chile! You will learn an incredible amount and also have a lot of fun.

Included with this letter is information that will help you prepare for your experience. The documents - Course Description, Travel and Logistics and Equipment List - will help provide you with an idea of what to expect, as well as help you determine what gear to bring.

Also included are a number of documents for you to fill out and return with your course tuition to Michael J. McClurg, Kellogg Student Representative, by **February 16, 2007**. These documents are:

- Application

Your enrollment is contingent on NOLS Professional Training accepting your completed forms and course tuition.
