Course Details:

This Wilderness First Aid (WFA) course is a joint effort between the Sierra Club-Madison Inner City Outings and Wilderness Medical Institute (an institute of the National Outdoor Leadership School). The 2-day course will cover a wide range of wilderness medicine topics for people who travel in the outdoors. WMI's curriculum is unique and includes many advanced topics that other programs leave out such as dislocation reduction, focused spinal assessment and epinephrine administration. In just two days, you'll have the knowledge, skills and ability to make sound decisions in emergency situations. This course is ideal for trip leaders, camp staff, and outdoor enthusiasts. **For more information or if you have questions, please contact Terri Felton, 608-663-8874 or tfelton@tds.net**

Dates: June 23-24, 2012
