Travel

White Mountain Research Station

Find your way to Highway 395, the main north/south highway in Eastern California. This road heads to Bishop. In Bishop 395 becomes Main Street, take this to Line Street (the first stop light in town if approaching from the south, if coming from the north, Line Street is the last stop light. Turn east on Line Street. Follow this road past the airport, seemingly out of civilization, cross the Owens River and WMRS is the only group of buildings on the south side of the road. Please note that the Google Maps location for WMRS may be incorrect: It is 6 km EAST of Main St., not west as shown on Google.
