Dates: *May 6-15, 2022*
Cost: *\$865 Tuition only*
Location: *270 South 1400 East, Salt Lake City, UT*

Travel, Meals, and Lodging

Meals and Lodging

There is not a meal and lodging package available for this course. Salt Lake City has many hotels with prices in all budgets. The U of U Guest House (www.guesthouse.utah.edu/ or 801-587-1000) is walking distance from the classroom and provides the most convenient lodging. Any hotel in Salt Lake City near the University Trax line will make for an easy commute. There is no camping within the area of the course.

There are a several options for lunches within easy walking distance on and off campus, or we recommend that you bring a lunch. There are sometimes events on campus that make parking difficult after lunch time; planning to not drive at lunch eliminates this problem.

Travel

The course will meet in room 113 (sometimes 208, we cannot schedule far in advance, but the building is not so big that it is a problem), William Stewart Building, at the University of Utah, Salt Lake City Campus (270 South 1400 East, Salt Lake City, UT 84112). The Stewart Building is between President's Circle and the football stadium on the U of U campus. Campus is ~15 minutes from I-15 or I-80, although traffic may cause delays, especially during rush hour.

Go to <https://map.utah.edu> for a campus map. Use the drop-down menus at the top to search for the Stewart Building and to show parking areas.

Parking on campus on weekdays requires a parking permit. Permits may be purchased ahead of time online at <https://commuterservices.utah.edu/campus-parking/>. "U" permits cost \$10/day and a "U" lot is located at the stadium.

Weekend parking is free. Parking in President's Circle or the Law School is allowed.

Train service is provided near the Stewart building- Stadium Station- via Trax (www.rideuta.com/). The Utah Transit Authority also has regular bus service to the University of Utah.

Occasionally events on campus can complicate travel, parking or other logistics. The first day of this course, May 6, overlaps with some graduation ceremonies on campus. You will not need a parking permit for that day, but some parking may be blocked off. As long as you don't need to find a parking spot after the course starts it should be fine. It would be best to bring lunch on this day.
