CLASS FORMAT: We start our Wilderness First Aid course Friday August 11th at 08:00. You are welcome to arrive the evening before and pitch your tent. We will have class until 18:00 with a few short breaks and one hour lunch each day. On Saturday and Sunday classtime is 08:00 to 18:00.

No previous experience is needed. This course is for all who like to learn first aid. The format is classroom lectures integrated with practical scenarios. Scenarios, and practice sessions will take place both inside and outside. Please bring outdoor clothing appropriate for laying on the ground playing the role of both rescuer and patient. Fake blood and make-up will be used to emphasize the reality of a scenario. The fake blood will come off skin and clothing with a wash or two.

This Wilderness First Aid course can be used as a Wafa or WFR-Recertification course if you hold a valid (not expired or within your "re-entry" year) card from NOLS Wilderness Medicine. If you take this WFA to recertify you need to join an extra evening session on Saturday evening. You also need to do a written test on Sunday lunch hour.

COURSE DESCRIPTION: Fast paced and hands-on, this Wilderness First Aid course covers a wide range of wilderness medicine topics for people who travel and enjoy the outdoors. Whether spending time in the backcountry is your passion or your profession, you should never have to ask, "What do I do now?" On this course, you'll learn how to prepare for the unexpected. In just a few days, you'll have the knowledge, skills and ability to make sound decisions in emergency situations.

This course is ideal for trip leaders, camp staff, outdoor enthusiasts and individuals in remote locations. NOLS Wilderness Medicine courses are pre-approved by such organizations as the American Camping Association, the United States Forest Service, and other governmental agencies.

In Europe NOLS Wilderness Medicine Wilderness First Responder and Wilderness First Aid courses are rapidly gaining recognition among the outdoor industry and summer camps. NOLS Wilderness Medicine have taught over 6000 participants Wilderness First Aid in Scandinavia and Europe since year 2000.

TESTS: There are **no** written or practical tests on this Wilderness First Aid course. You just have to be there, participate and do your best! **But if you take this course as Recertification** for a Wilderness Advanced First Aid (WAFA) or Wilderness First Responder (WFR) - meaning you hold a non-expired WAFA or WFR card from NOLS Wilderness Medicine - you must do both a written and a practical test. Please email us if you have questions about your certification status.

COVID-19: NOLS does **no** longer require students, participants, or employees to be vaccinated for COVID-19. Vaccination are encouraged but not required. NOLS provides KN95 masks and nitrile gloves to be used in some scenarios.

An important document to read before signing up is our Student Agreement:

Phone (USA): 1-406-585-5356. Phone (Europe): +46-70-670 1153.

WHAT TO BRING: Please bring comfortable outdoor clothing. We will be doing lectures inside and scenarios outside every day. Wear clothing appropriate for the weather. We will be outside no matter what the weather is. NOLS provides nitrile gloves and KN95 masks and we ask you to wear them during scenarios. Also bring some kind of protective eye wear (sunglasses, ski goggles, ordinary glasses or carpenter glasses are OK). NOLS Wilderness Medicine will bring medical equipment and outdoor gear for setting up realistic scenarios.

NOLS WILDERNESS MEDICINE MISSION: The Wilderness Medicine goal is to provide the highest quality education and information for the recognition, treatment, and prevention of wilderness emergencies.

NOLS Wilderness Medicine (<https://nols.edu/en/courses/wilderness-medicine/>) is the most recognized and respected teacher of wilderness medicine, training over 500,000 students around the world.

At NOLS Wilderness Medicine you will learn treatment principles and decision-making skills. Our courses are intensive. They will challenge your decision-making skills and they will get you ready. To date we have run courses internationally in USA, Australia, Canada, Nepal, Bhutan, Columbia, Costa Rica, Chile, India, Singapore, Malasia, Kenya, Mexico, Norway, Switzerland, Finland, Thailand, South Africa, Sri Lanka, Sweden, Germany, Hungary, Slovenia, Denmark, UK, Ireland, Italy and Tanzania.

WHAT CAN YOU EXPECT: Expect dynamic instructors with lots of international Backcountry and Emergency experience. Expect to spend lots of time outside with realistic scenarios. Expect feedback from your instructors

daily. There will be intense but rewarding days. We have fun on NOLS Wilderness Medicine courses while learning about very serious topics.

You can expect a curriculum that is evidence-based, not just copied out of a textbook. We teach wilderness medicine practices and protocols that are supported by a physician-based medical advisory panel and disseminated by our curriculum director. This means you're getting the latest findings and protocols in the industry.

WHAT DO WE EXPECT OF YOU? We expect you to be on time each day. We expect you to come prepared each morning. We expect you to be respectful of other participants and our staff – both in the classroom and during our scenarios outside. We do not tolerate any kind of harassment. We expect you to take good care of our equipment. We hope you will ask us if you don't understand.

We ask that all participants' cell phones and computers will be turned off during class time. No smoking during our class time (which includes outside scenario time).
